Those working on the sale — including the sale manager and his staff, the auctioneers, clerks and ringmen — were hired for specific promotional and clerical tasks not connected with the condition of the premises. They accept no liability for the contract or for any accident that may occur. Accidents at cattle sales are very rare, but all who attend do so strictly at their own risk. Neither the owners, the helpers or the sale manager can be responsible for any accidents but they will make every effort to provide for the safety and comfort of those attending. Where footnotes appear in this catalog, they were furnished by the owners.

Welcome to Pleasant Valley

Angie Stirm

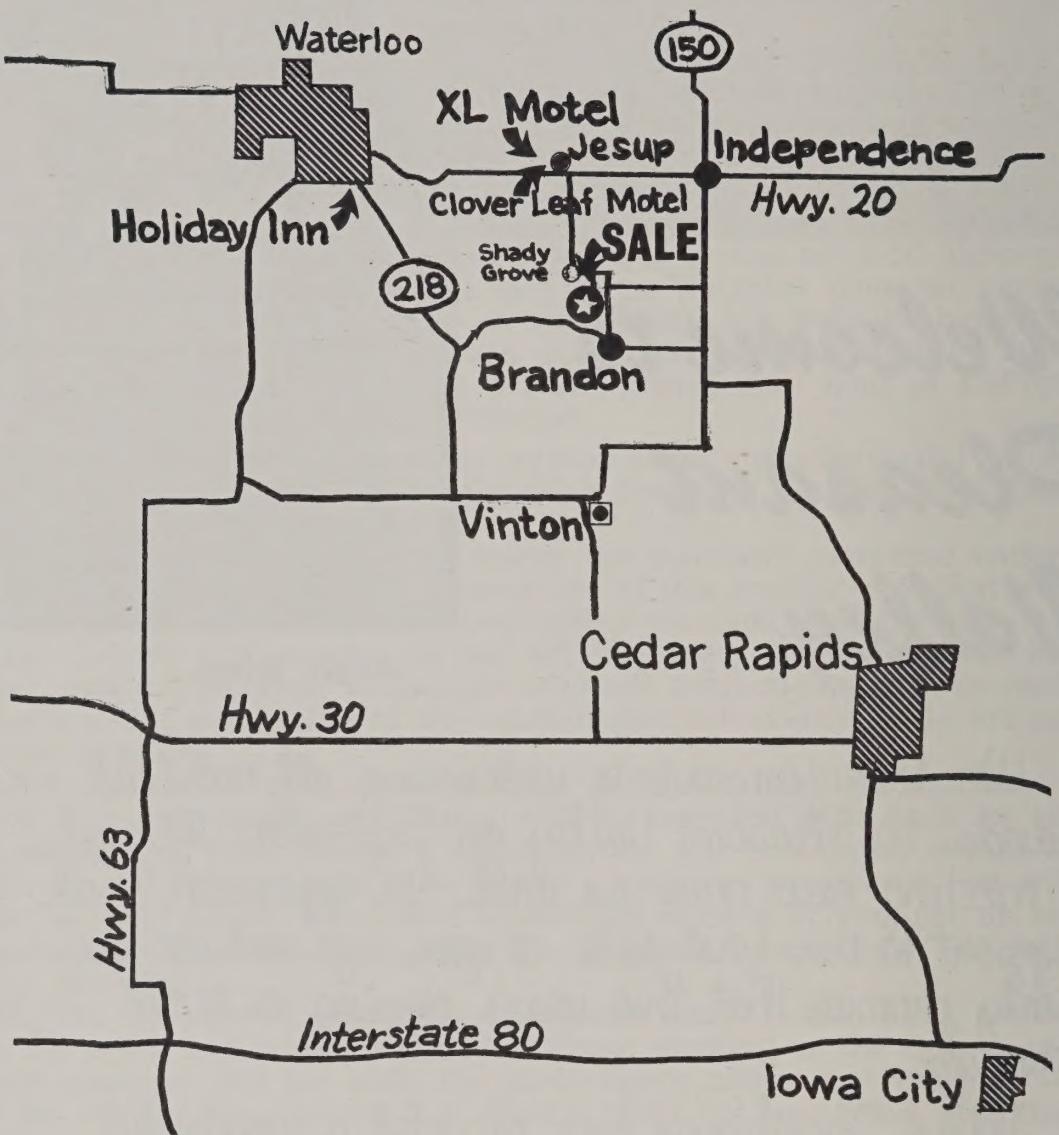

We look forward to welcoming all our old friends to Pleasant Valley on September 27 and to meeting new ones as well. We appreciate your support in our first sale a year ago and we sincerely promise that this year's offering is even stronger.

Polled Shorthorns have provided a wonderful way of life for us and we are happy that the program has progressed to the point that an annual sale is possible here. With the help of our new herdsman, Larry Reap, and of our guest con-signors, Frank and Louis Dempster and Dr. Robert Savage, we'll do our best to make September 27 a profitable day for you.

We hope you will be with us. You are always welcome at Pleasant Valley.

Cordially,
The Stirms

Ralph, Dorzen
Patty and Angie

**ARRIVE
EARLY**

Come as early as you like on sale weekend to see the entire Pleasant Valley herd. The Dempster and Savage herds are both nearby and they would enjoy your visit. . . . Light refreshments will be served the afternoon before the sale at the farm. Lunch will be available on sale day as well.

Twelve brood cows from the Pleasant Valley foundation herd sell as a special feature. Valley Sultana 7th x, Lot 24, is one of them. That's the first calf by K C Clipper King x when she was less than 24 hours old.

Good Cattle Backed by Reliable Men

Few things in the Shorthorn business can be as heartwarming as spending a day with Ralph and Doreen Stirm and their fine daughters to see the progress they have made with the Pleasant Valley Polled Shorthorn herd.

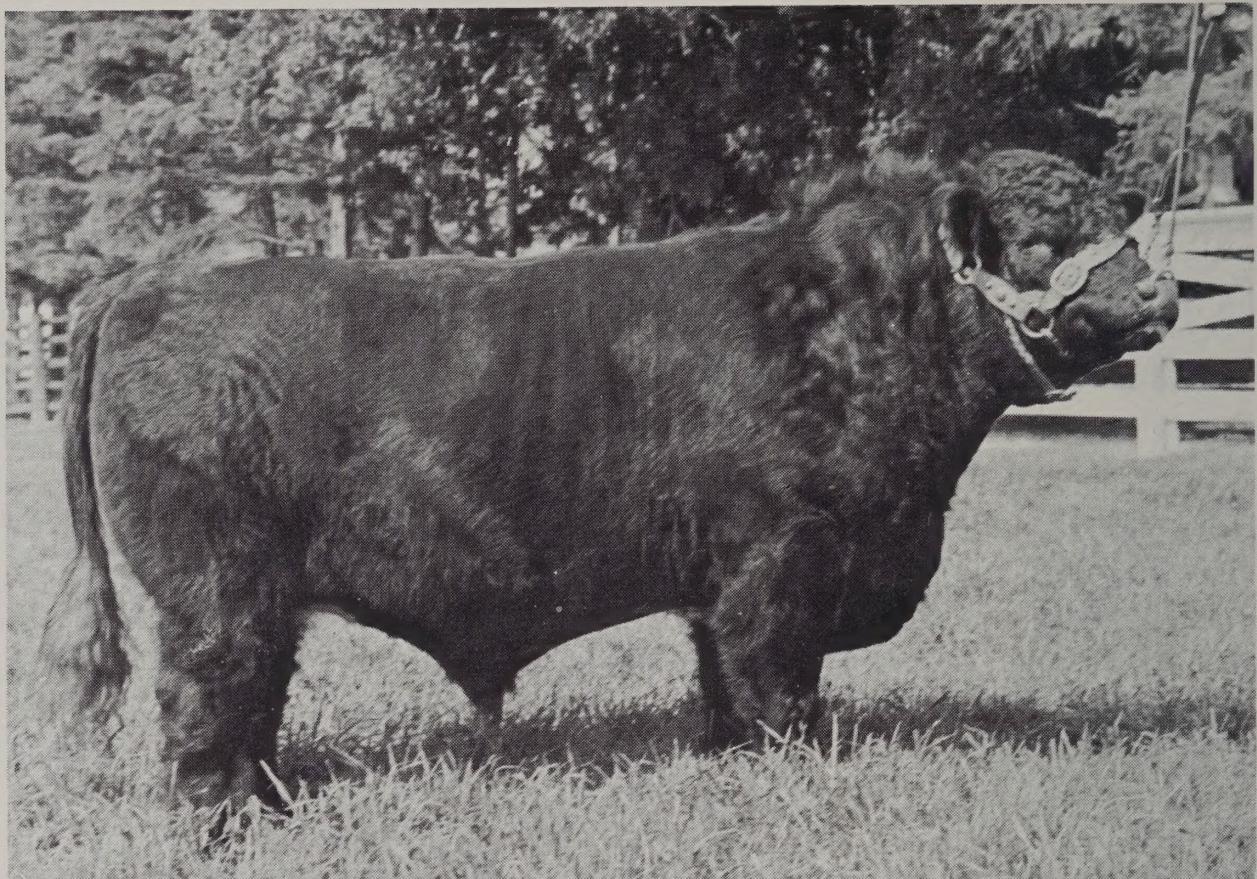

Like so many, it was founded with little capital but with a wealth of faith in good Polled Shorthorns, good land and the successful combination of the two. Since the beginning, they have kept quality uppermost. Today, you'll find strong representatives of the nation's best Shorthorn and Polled Shorthorn lines together with a few select imports from Scotland and Canada. Their stock bulls are second to none and each has a national reputation.

Ralph Stirm believes in practical management and the Polled Shorthorns are an integral part of his successful farm operation. Further, he believes in Polled Shorthorns in general and their important place in the overall beef cattle picture. You'll find him travelling far in the interests of the breed. Wherever there's a worthwhile Polled Shorthorn project, he'll be among the first backers.

When the Stirms decided to have their first sale, they were determined it would be an annual affair. They know that to do that both buyer and seller must profit . . . just ask the satisfied customers from the 1968 sale. You can plan to come back to Pleasant Valley for many years on the last Saturday in September.

The Stirms are joined by their friends Frank and Louis Dempster and Dr. R. E. Savage to present a truly fine Polled Shorthorn offering. The cattle show great improvement every year and each man is selling some of his best. They're great folks and their cattle represent sound investment opportunities. Plan now to be with them on September 27.

GLORIADALE SUPREME x — Purchased among the tops of the 1965 Canadian International Bull Sale, Gloriadale Supreme x is easily one of the best bulls ever produced there. He is by Gloriadale Meteor 5th x that gave the breed many of its most prepotent stock bulls. Freda Souchong x produced more top polled cattle than any other female at Gloriadale. Supreme gained 3.14 pounds a day on official Ontario test and has matured into a ton bull as was his sire. He's the bull for those wanting size and muscle with quality to burn. Ten daughters sell in the Dempster consignment.

T P S CORONET CATALYST 18th x — He was purchased a year ago from Thieman's Polled Shorthorns, Concordia, Mo., to add even more length and size to the herd. He is by T P S Coronet Catalyst x, sire of the reserve senior champion female at the 1968 Illinois State Fair. Catalyst x is almost a full brother to T P S Coronet Leader 21st x, AAA. Moreover, the dam of Catalyst 18th x is a daughter of Leader 21st x. She is now in Cyrus Eaton's Acadia herd, Northfield, Ohio, where she weighs more than 1,600 pounds on pasture. The 18th x came off pasture in July to be grand champion at the big All-Iowa Fair in Cedar Rapids under judge Russell Held who called him one of the biggest and best polled bulls he had seen. Here is the genuine length, muscle and elevation breeders are talking about. If you're serious about adding these modern qualities, you can buy Catalyst 18th x service with all 10 of the Gloriadale Supreme x heifers selling in the Dempster consignment. Two of these females already have 18th x bull calves at foot that could well solve future herd bull problems for top herds.

In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
